SKILLS

Data Wrangling	Leadership
Digital Photography	Problem Solving
Image Manipulation	Time Management
Graphic Design	Teamwork
Video Editing	Communication
Compositing	Project Management

PROFILE

I am a creative, yet tech-minded individual with an excellent eye for detail, a keen problem solver, and an organised project manager with a results driven mindset.

Still eager to learn, the years of Photo & Design experience have given me a high level of attention to detail ensuring issues are caught early, all projects are completed on schedule, within budget, and within stated guidelines.

I have a screen pass, a full clean Irish Driving License and have no issues travelling if required.

EXPERIENCE

Trainee Data Wrangler / VFX Production Assistant

Wednesday Season 2 - Take5 Productions. Jun24 - Dec24

- Collection of camera, lighting, and scene data for all VFX shots and daily reporting using FileMakerPro
- Liaising with AD's, DoP, Lighting, Video, and Camera crews for data collection.
- Use of Chrome Ball & MacBeth chart for Colour reference.
- Use of DSLRs for recording HDRI's, Set reference images & Texture surveys.
- Operation & slating of witness cameras.
- Set up, logging and capture of props using Photogrammetry.
- Archiving/back up of all images/data using correct file naming convention.
- Correct placing of stuffies/stand-ins for texture and colour referencing.
